This may be your last chance at purchasing one of our Phase I Tropical Homesites, don't miss out on this terrific opportunity. Five owners of our Phase I Homesites visited our Hacienda Matapalo property and decided to trade in their homesites for one of our condos, due to the popularity, in the fast moving Polynesian Village.

In today's market finding a quality homesite for the right price is becoming more and more difficult and the obvious reality is that once these lots are sold, the opportunity for owning at this price may be gone. With 665 private acres, Hacienda Matapalo offers a world of natural beauty and adventure. The unique characteristics of these homesites, such as their lush tree canopy, rock outcropping & tropical views are impossible to find anywhere else at these prices.

Hacienda Matapalo is located just 800 meters (2,624.67 ft) off the beach and reaches back three kilometers into the primary forested mountains to an altitude of nearly 2,000 feet above sea level. With its 125 acre dedicated nature preserve, nature is and always will be an integral part of this unique community. Set amongst countless species of birds, butterflies, and wildlife.
