INTERNATIONAL LIVING COSTA RICA SEMINAR DEFINES THE TYPE OF PROPERTY PEOPLE ARE SEEKING

FORT LAUDERDALE, FL. NOV.21, 2007: As one of the few projects in Costa Rica endorsed by *International Living Magazine*, Hacienda Matapalo was given the opportunity to present at their recent seminar at the Marriott Los Suenos Resort in Costa Rica; followed by a tour of properties on the lush Pacific Coast of Costa Rica. Attendees were shown numerous developments in this booming region and the overwhelming response to the region was breathtaking awe. The bottom line requirement of the attendees was to have a place that was indeed a vacation home complete with amenities they would not have access to back home in the U.S. and Canada. Attendees voted with their checkbook; resulting in a record number of sales by International Living for a specific project in Costa Rica-the winner-*Hacienda Matapalo!*
